## FULL-STACK DEVELOPER

## PROFESSIONAL SUMMARY

Currently, a freelance Full-stack developer and formerly an Algebra teacher with 3+ years of teaching experience, demonstrating strong communication and adaptability skills. I'm result-oriented and bring what I learned in my years of teaching and programming to deliver high-quality code and adaptive solutions.

## EMPLOYMENT HISTORY

AUG, 2022 - AUG, 2023

### Algebra Teacher, Akins Highschool, Austin, TX

- Develop and implement innovative teaching strategies to engage and inspire students in the learning process, ensuring that all students have equal access to educational opportunities.
- Monitor student progress and provide timely feedback to students and parents to ensure academic success.
- Collaborate with other teachers to develop and implement interdisciplinary projects that integrate algebra with other subject areas, fostering a holistic learning environment.
- • Co-sponsored the Akins E-sports Team and worked with at-risk students after school

AUG, 2020 - AUG, 2022

### Algebra Teacher, Gentry Junior School, Baytown, TX

• Developed and implemented innovative teaching strategies to engage and inspire students in the learning process, ensuring that all students have equal access to educational opportunities.
• Monitored student progress and provided timely feedback to students and parents to ensure academic success.
• Collaborated with other teachers to develop and implement interdisciplinary projects that integrate algebra with other subject areas, fostering a holistic learning environment.
• Sponsored the Super Smash Bros Club and worked with at-risk students after school
